Tuition and Fee Information

Medical Assisting

The Tuition expense includes any related lab kits and other lab costs. The costs associated with the individual programs are included in this catalog.

Tuition charges are subject to change at the school's discretion.

Disclosure: Transfer or proficiency credits may reduce the cost of this program. Repeating a course or courses will increase the cost of this program. Tuition and Fee charges are subject to an increase for all programs annually each summer term and are subject to change at the College's discretion. Taylor College's institutional policy is to give thirty (30) days written notice to students prior to any other tuition increase. The written notice will be emailed to the students' Taylor College email. The enrollment agreement gives the Taylor College student the best-projected cost for the program as of the date of signing.

Other expenses, which the student must calculate into the cost of his/her program include, but are not limited to, room and board, personal expenses, textbooks, uniforms, academic supplies, and transportation. Students are responsible for providing their own transportation for all learning experiences associated with the curriculum.
