

Taylor College Physical Therapist Assistant (PTA) Program Student Notification

Taylor College is institutionally accredited by the Accrediting Bureau of Health Education Schools (ABHES). The current accreditation status of Taylor College is active through February 28, 2030.

Because the PTA program did not achieve the required credentialing pass rates and job placement rates, ABHES has placed the PTA program on “Continued Program Specific Warning”. The goal of this action is for the College to make any necessary changes in the program to improve these outcomes. As part of the program specific warning, the College is required to develop and submit to ABHES a hypothetical program teach-out plan (submitted 02/24/25, updated 08/20/2025). It is important to note however, it is not the College’s intention to teach out the program.

Taylor College prepares committed students for entry-level and rewarding careers with community employers through hands-on technical training.
